

Description

RAD Series

1. Two sheet metal construction formed by precision 'stamping' to provide increased strength.
2. Aesthetic appearance.
3. User friendly hand knobs to facilitate easy opening and closing without the need for special tools.
4. Conical spring design which enables the two piece door to perform as a single unit.
5. Opening cut in the duct wall permits the back plate or 'inner plate' to slip easily through and due to the neoprene gasket form an airtight seal.
6. Three piece thermally insulated version available.
